I can only imagine how Dr. Childs is in person. Fun, quick witted, with intellect that will blow you away. Honestly only a person like that could look at a box of cereal and write a how to book on it.Thank you Dr for over loading me with endorphins :)1 of 1 people found the following review helpful. FUN take off on all the highly (paid for?) reviewed how to books on By Mieko*Good take off on all the horrifically many 'how to' books on .Most of those get high reviews because someone pays them for those..check it out. At \$5 a review a dedicated typist can make good money'fake reviewing': 'How to diaper your baby' and 'Why am I not having babies?' books.I meant that conflicting information. Check out the so called reviews. Many of these typists review diametrically opposed books.Much of that information is lifted from the Internet and used to make a book that seldom helps in any way.This is a fun take-off on that.3 of 3 people found the following review helpful. Laughed my ass offBy Seth VolandOk, this book made me laugh my ass off. Seriously, it was funny. It is filled with so much sarcasm, smartassm and juvenile delinquency that if you don't laugh, you better check your pulse. I love the Vodka and Xanax cure! I think I might have an ailment that can be cured with that combo. The Patrick Swayze Ghost comment had me really rolling.. oh man, just a funny book. Read it for some good laughs!

It will be as if I can heal thousands of wounded birds with just one book.
