"bloopers" that we teachers make in our rooms, you need to read this book. We have days and situations that are just too much fun and people don't believe how much we, and the students enjoy our days. With so much negative press available about NCLB and teacher quality, this book is a must read to see that it is not all bad on the chalkboard front. If you have a teacher who is new to the field, make sure this is a part of their "equipment" for the first day of class. They will love you for it.

The newest book in the popular Humor for the Heart series, *Humor for a Teacher's Heart*, is sure to become a favorite. This collection of humorous stories illustrates the lighter sides of the joys, challenges, and adventures of being a teacher. With best-selling authors like Martha Bolton, Marilyn Meberg, Teresa Bell Kindred, and Jeanne Zomes, this hilarious book will lift teacher's spirits on their roughest days and give them a renewed passion for their career.
